

Lost

Fallulah

Hollow emotion, come lick me clean
Drops in the ocean, [?] at the scene
I don't want your feelings, I think they're gross
Force-feeding [?] with a little dose

We ended up here in the woods
What do you want?
You make me think that I'm no good
I take a shot

We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost, we're lost

Hello confusion, I know you well
What's the conclusion? [?] goes to hell
I don't need your savior, I just need a break
From all this crazy, from all this fake

We ended up in the teens
What do you want?
We ended up with [?]
I take a shot

We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost, we're lost
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost, we're lost

I take a shot

We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost, we're lost
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost and no one's looking for us
We're lost, we're lost
