

# Sorrow Is a Shadow

Fallulah

I only long for you  
I only long for you

Sorrow is a shadow  
It follows me around  
I'm woken by its echo  
Although it makes no sound

Sorrow is a shadow (sorrow is a shadow)  
It's bigger than myself (bigger than myself)  
And I can never let go (I can never let go)  
I need a little help (help)

I, I, I, I, I, I, I  
I, I, I  
I, I, I, I, I, I, I  
I, I, I

I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep  
I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep

Sorrow is my father (sorrow is my father)  
And my mother too (and my mother too)  
It runs me like a river (runs me like a river)  
Like these demons doom (doom)

Sorrow is my heartbreak (sorrow is my heartbreak)  
And it's my oldest friend (it's my oldest friend)  
It makes me see the beauty (it makes me see the beauty)  
In what I cannot mend

I, I, I, I, I, I, I  
I, I, I

I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep  
I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep

Sorrow is a shadow  
Sorrow is a shadow  
And I can never let go  
I, I, I, I, I

Have nowhere left to go but on  
Have nowhere left to go but on  
Have nowhere left to go but on  
Have nowhere left to go

I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep  
I only long for you  
Every minute of the day  
Every hour of the week  
I only long for you  
Every second I'm awake  
Will you find me in my sleep
