

Swimming Pool

Fallulah

The day is done, the sun is setting
My mind is sticky with sweat and dust
The road is long and I've been thinking, thinking
I count the days and all the time I've lost

Take it from me
Laying to be
Free, free, free

I wanna dive into the swimming pool
I wanna hide, beneath it's cool
I wanna dive into the swimming pool
[?] I can in the deep end
Oh, oh, oh
In the deep end

I live each day for tomorrow, tomorrow
Cause that's the place where my dreams come true
Stare up a face so full of sorrow, sorrow
I can't erase but replaced with new

Take it from me
There's more to see
See, see, see

I wanna dive into the swimming pool
I wanna hide, beneath it's cool
I wanna dive into the swimming pool
[?] I can in the deep end
In the deep end
In the deep end
I wanna dive into the swimming pool
I wanna hide, beneath it's cool
I wanna dive into the swimming pool
[?] I can in the deep end
I wanna dive into the swimming pool
I wanna hide, beneath it's cool
I wanna dive into the swimming pool
[?] I can in the deep end

Oh, oh, oh
In the deep end
