

Your Skin

Fallulah

Pick me up, I'm a diamond in the rough
You wonder where I've been hiding
It seems to me that you are back in luck
So back it up with the right thing

Yeah, yeah, yeah
Don't use your teeth for graining
Yeah, yeah, yeah
I'm gonna touch you with lightning

Your skin, nothing else

Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Take me to where it's real, where you wanna go, oh

Fill it up, I want sugar in my cup
Make it sweeter than icecream
Cause tonight I will dance until I drop
I'll make you move till your brain freeze

Yeah, yeah, yeah

Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Turn me to silver steel

(Ooooooh, ooooooh)

Your skin, nothing else
Your skin, nothing else
Your skin, nothing else
Your skin, nothing else

Your skin, nothing else
Your skin, nothing else
Your skin, nothing else
Your skin, nothing else

Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field
Take me to where it's real, where you wanna go, oh

Your skin is like a magnetic field
Turn me to silver steel
Your skin is like a magnetic field

Take me to where it's real, where you wanna go, oh

Yeah, yeah, yeah

Yeah, yeah, yeah

Yeah, yeah, yeah

Yeah, yeah, yeah
