Ye, diye diye Baba Yetunde
If you fall down and die now what will heaven say?
Even God rested on the seventh day
Even mainstream ballers get time out
No go kill yourself before your time now
Ogbeni na the same money we dey chase
Eis, gragra no dey win the race
Or no be this same grain wey you wan harvest?
O fe show pe you're the one they call baddest
O she show l'osan
O record lale
O tun ji l'aro o fe she tour l'ame
Ah Mr Olorin e relax o

And make you buy the things you for like o
Many people dey choke on life o

Many people slave like jango

Yes, but life na suffree
Why I dey kill myself in this oversea
When I can be oga in my country
See this one she price her body
