Congratulations

Fame On Fire

My momma called, seen you on TV, son
Said shit done changed ever since we was on
I dreamed it all ever since I was young
They said I wouldn't be nothing
Now they always say, "Congratulations" (uh)
Worked so hard, forgot how to vacation (uh-huh)
They ain't never had the dedication (uh)
People hatin', say we changed and look, we made it (uh)
Yeah, we made it (uh)

They was never friendly, yeah
Now I'm jumping out the Bentley, yeah
And I know I sound dramatic, yeah
But I know I had to have it, yeah
For the money, I'm a savage, yeah
I be itching like a addict, yeah
I'm surrounded, twenty bad bitches, yuh
But they didn't know me last year, yuh
Everyone wanna act like they important (yeah)
But all that mean nothing when I saw my dough, yuh (yeah)
Everyone countin' on me, drop the ball, yuh (yeah)
Everything custom like I'm at the border, yah, yah
If you fuck with winning, put your lighters to the sky
How could I make sense when I got millions on my mind?
Coming with that bullshit, I just put it to the side
Balling since a baby, they could see it in my eyes
