

## Down

## Fame On Fire

I've been on the edge for way too long  
I can't seem to find where I went wrong  
But I'm on my way down  
I'm on my way down, my way down

I've been popping pills  
Like there is nothing wrong, yeah  
I can't seem to find myself  
These days are getting long  
I can't find a way out  
I'm burning myself out  
I don't wanna play pretend  
I just want this to end

So what am I supposed to do?  
I don't know what to choose  
I know it's sad but it's okay  
It's killing me day and night  
Take It away, cause I'm  
Feeling alone

I've been on the edge for way too long  
I can't seem to find where I went wrong  
But I'm on my way down  
I'm on my way down  
I can't hide the pain that I've been through  
I don't know what else there is to do  
Cause I'm on my way down  
I'm on my way down  
My way down

Wrapped up in myself  
I'm on the ledge  
There's no turning back  
Better off dead  
Trapped inside my thoughts  
Feeling so stressed  
Take this pain, away

So what am I supposed to do?  
I don't know what to choose  
I know it's sad but it's okay  
It's killing me day and night  
Take It away cause I'm  
Lost and alone

I've been on the edge for way too long  
I can't seem to find where I went wrong  
But I'm on my way down  
I'm on my way down  
I can't hide the pain that I've been through  
I don't know what else there is to do  
Cause I'm on my way down  
I'm on my way down  
My way down

Now I know that I've been

So fucked up in my head  
Don't blame me, I'm sorry  
This road is so lonely  
What matters, anymore  
What's there left to live for?  
I hate me, I hate you  
I'm so fucked up, I really need you

I've been on the edge for way too long  
I can't seem to find where I went wrong  
But I'm on my way down  
I'm on my way down  
I can't hide the pain that I've been through  
I don't know what else there is to do  
Cause I'm on my way down  
I'm on my way down  
My way down
