

I'm Fine

Fame On Fire

I'm stuck inside my head hoping I can find a new way out
Cause all I see is red, with everything you said
You know you're the source of my self-doubt
I'm jolting, I'm broken, let me be, I can't see what's in me
It's all dead, I'm falling, I'm falling
I can never tell a soul
I will never let my secrets out
Cause nobody can know, I won't let it show
Do you know what it feels like to drown?
It's chaos, I'm so lost, who am I? I can't lie
The imbalance in my head, it's all me, it's all me

I don't wanna talk about it, just let it go
The devil inside of me, he's taking on control
I'm fine, I'm fine
Can we just forget about it, and let it go
There's no way you're saving me
I'm better off alone, I'm fine, I'm fine

I'm nothing to fight right now
But I won't let you bring me down (I know that)
You will find a way somehow
I swear you wanna watch me drown (Just know that)
It doesn't have to be this way
I'm tired of the shit you say (But now I'm)
Falling just to write my mistakes
Crumbling from my self-hate, yeah
Yeah, it's alright, oh, one more ride

I don't wanna talk about it, just let it go
The devil inside of me, he's taking on control
I'm fine, I'm fine
Can we just forget about it, and let it go
There's no way you're saving me
I'm better off alone, I'm fine, I'm fine
Yeah, it's alright, oh, I'm alright

I don't wanna talk about it, just let it go
The devil inside of me, he's taking on control
I'm fine, I'm fine
Can we just forget about it, and let it go
There's no way you're saving me
I'm better off alone, I'm fine, I'm fine
