

Mood

Fame On Fire

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules
Everything look better with a view

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules
Everything look better with a view

I could never get attached
When I start to feel, I unattach
Somehow always end up feeling bad, baby, I am not your dad
Is that all you want from me? I just want your company
Girl, it's obvious, elephant in the room
And we're a part of it, don't act so confused
And you love starting it, now I'm in a mood
Now we arguing in my bedroom

We play games of love to avoid the depression
We've been here before and I won't be your victim

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules
Everything look better with a view

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules
Everything look better with a view

So why you tryna fake your love on the regular
When you could be blowing up just like my cellular?
I won't ever let a shorty go and set me up
Only thing I need to know is if you wet enough
I'm talking slick back, kick back, gang sipping fourties
You keep playing, not another day with you shorty
Mismatched fits, that was way before you knew me
Got a lotta love, well you better save it for me

We play games of love to avoid the depression
We've been here before and I won't be your victim

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules

Everything look better with a view

Why you always in a mood?
Fucking round, acting brand new?
I ain't tryna tell you what to do
But try to play it cool
Baby, I ain't playing by your rules
Everything look better with a view
