Fame On Fire

La da la da, la da da da  
La da la da di da da, la da da da da  
La da la da, la da da da  
La da la da di da

I got my head out the sunroof  
I'm blasting our favorite tunes  
I only got one thing on my mind  
You got me stuck on the thought of you  
You're making me feel brand new  
You're more than a sunshine in my eyes

You got those pretty eyes in your head, and you know it  
You got me dancing in my bed, so let me show it  
You are exactly what I want, kinda cool and kinda not  
I wanna give myself to you

Yeah, we're driving down the freeway at night  
I only got one thing in the back of my mind  
(You got me stuck on the thought of you)  
I'm feeling like this might be my time  
To shine with you, with you, with you

I got my head out the sunroof  
I'm blasting our favorite tunes  
I only got one thing on my mind  
You got me stuck on the thought of you  
You're making me feel brand new  
You're more than a sunshine in my eyes

I got my head out the sunroof  
Woah woah, woah woah, oooh  
You got me stuck on the thought of you  
Woah woah, woah woah, oooh

Yeah, we're driving down the freeway at night  
I only got one thing in the back of my mind  
(You got me stuck on the thought of you)  
I'm feeling like this might be my time  
To shine with you, with you, with you

I got my head out the sunroof  
I'm blasting our favorite tunes  
I only got one thing on my mind  
You got me stuck on the thought of you  
You're making me feel brand new  
You're more than a sunshine in my eyes

La da la da, la da da da  
La da la da di da da, la da da da da  
La da la da, la da da da  
La da la da di da da  
La da la da, la da da da  
La da la da di da da, la da da da da
