Wait

Fame On Fire

Who will be there when I die
Are my friends even on my side
Will they miss me will they cry?
Pretending to care but people lie

And it comes and it goes
Cuz I'm chained and I'm roped
And I can't help it
No one thinks on their own
They just do what they told
But I'm not like that

Wait
Everyone's screaming my name
If you got something to say
I don't care
And I can't change
I'm numb to the pain
Wait
I can't feel a thing
Cold and fading away
I don't care
Cause I won't change
I'm numb to the pain

I'm jaded
Oh I'm feeling so used
So faded
What do I have to lose
I don't hate you
But I don't love anymore
So confused
Who am I living for

And it comes and it goes
Cuz I'm chained and I'm roped
And I can't help it
No one thinks on their own
They just do what they told
But I'm not like that

Wait
Everyone's screaming my name
If you got something to say
I don't care
And I can't change
I'm numb to the pain
Wait
I can't feel a thing
Cold and fading away
I don't care
Cause I won't change
I'm numb to the pain

I'm not gonna waste my time
You have never crossed my mind
I don't care about the way you feel inside

There is nothing you can find
I have nothing left to hide
Stay away from me and let me live my life

(Just let me live my life)
(Just let me live my life)

Wait
Everyone's screaming my name
If you got something to say
I don't care
And I can't change
I'm numb to the pain
Wait
I can't feel a thing
Cold and fading away
I don't care
Cause I won't change
I'm numb to the pain
(I'm numb to the pain)
Cause I won't change
I'm numb to the pain
