

My Energy

Famous Dex

Nah for real
You see where I'm from
Now you see why the world against me

Where we gon' stop, how we gon' stop
Nah for real
My Energy

Two bitches they into me
I thinking they feeling me
They gone off my energy
My swag they took all my energy
My energy, my energy
I'm pumpin' my energy
I take all my energy
Two bitches I swear they kissing me
My energy, my energy
I'm turnt off my energy
I'm pumpin' my energy
I swear they feelin' my energy
My energy, My energy
Two bitches they kissing me
I thinking they feeling me
They go in the club and take all my energy

Two bitches they into me
I thinking they feeling me
My swag, my geek
I know they digging me
I walk in the party
I sipping on lean, not no Hennessy
They bitches want wedding rings
I'm married so much so it ain't a thing
I swear your boyfriend a dork
I'm ballin' in and out the court
And getting money is a hobby
I fuck your bitch in the lobby
I swear I do it
Don't make me get foolish
And 50 bands on the clippage
I'm riding around acting stupid
I took bitch, man you stupid
Aha you looking stupid

Two bitches they into me
I thinking they feeling me
They gone off my energy
My swag they took all my energy
My energy, my energy
I'm pumpin' my energy
I take all my energy
Two bitches I swear they kissing me
My energy, my energy
I'm talking bout energy
I'm pumpin' my energy
I swear they feelin' my energy
My energy, My energy

Two bitches they kissing me
I thinking they feeling me
They go in the club and take all my energy
