I might pull up in a wraith  
Won't take a hoe on a date  
Tell the hoe get out my face  
I'm gonna fuckin' erase  
I just be smokin' on ganja  
Don't go boy, we straight out the jungle

I ride with venge, ensemble  
We got them racks in the bongas  
I run with the sack don't fumble  
Hit his ass with a lawnmower  
If a nigga want drama, send a letter to his momma  
I'm sippin' on lean, no liquor  
I made it on Texas tha hitta  
Ice cold like december  
We catch snot, no rentals

I just pulled up in a ghost
