

What to do?
Just what you want me to do
What to do?
Just what you want me to do

Want to show me?
Just what you want me to show
Want to show me?
Just what you want me to show

Wait and you'll want me to

Arjun do just what you want me to do
Always do just what you want me to do
Want to show just what you want me to show
Want to show just what you want me to show

Wait and you'll want me to
