

So sold with you, no doubt
So sold with you, eyebrows
So old with you, no doubt
So sold with you, eyebrows

So scared, even if you tell me I'm all good
So scared, worry of the century, I'm all good
So scared, because I love you, I'm all good
So scared, carried into safety, even if you're good

Sold soul with you, no doubt
Sold soul with you, eyebrows

So scared, even if you tell me I'm all good
So scared, worry of the century, I'm all good
So scared, because I love you, I'm all good
So scared, carried into safety, even if you're good (even if you're good)

Taking kisses from beneath the sheets
I'll be everything you'll ever need
I promise you I'll never leave
I'll be everything you'll ever need

Taking kisses from beneath the sheets
I'll be everything you'll ever need
I promise you I'll never leave
I'll be everything you'll ever need
