

Drive

Fana Hues

Show room
Slow moves
Shouldn't be goin' baby, but I want too
Gold speeding through the grapevine
For you
I be goin', I be goin'

Forty-five on the east side
Something 'bout them curves ease my mind
Sunset sugar, ooh that's my delight
For the night

Sweet tooth, babe you
I will let you drive, Autobahn and outta time
Put you on this love song
Mm, can I taste your yummy cherry bomb?

So cool, old school
Colors flashin' passing in the rear view (Rear view)
Gold glowin' through the grapevine
For you
I be goin', I be goin'

Forty-five on the east side
Something 'bout them curves ease my mind
Sunset sugar, ooh that's my delight
For the night (For the night, for the nigh-i-ee-i-ight)

Sun gleaming like my soul shine
Take the 110 to the I5
No destination, I'ma let it ride
I be goin', I be goin'

So cool, old school
Colors flashin' passing in the rear view (Rear view)
Gold glowin' through the grapevine
For you
I be goin', I be goin'

Forty-five on the east side (Mm, forty-five on the east side)
Sunset sugar, ooh that's my delight
For the night (For the night, for the nigh-i-ee-i-ight)
Forty-five on the east side
Something 'bout them curves ease my mind
Sunset sugar, ooh that's my delight
For the night (For the night, for the nigh-i-ee-i-ight)
Forty-five on the east side
Something 'bout them curves ease my mind
Sunset sugar, ooh that's my delight
For the night
