

# float

Fana Hues

Sometimes I think and wonder  
On everything you'd say  
But you left my love like summer  
Bruised me in the worst way

How does it feel  
I'm tryna see  
If I could do that to me  
I won't tell a thing  
Can you make me believe  
I thought it was emotion  
But you were just weaving through the motions

Stuck between  
Your eyes and my pride  
But I don't wanna know  
So I'ma just float  
You played it cold on my heart cold carelessly  
Still never dawned on what it means  
So I'ma just float

Crystal blue clouds pass my window  
A pillar in sand I was sinful  
So soul is weeping, a willow  
Wish I could return back to sender

I'm tryna see  
How you could you do that to me  
I won't tell a thing  
Can you make me believe  
I thought it was emotion  
But you were just weaving through the motions

Stuck between  
Your eyes and my pride  
But I don't wanna know  
So I'ma just float  
You played it cold on my heart cold carelessly  
Still never dawned on what it means  
So I'ma just float  
No I don't wanna know  
So I'ma just float  
Said I don't wanna know  
I don't wanna know

Stuck between  
Take me to where you at  
Show me love  
So stick of floating around  
Empty enough  
I heard you said that it could be me  
Can't make this up  
Let me be your sweet  
Don't tell me no
