Fana Hues

(Ahh) Oh, how the feels fill the room I could melt to touch  
(Ahh) And all that I ever need is right here between us  
(Ahh) You're so cruel  
I fade to blue

How did I get so close?  
Prolly God only knows  
Saw the signs, still I go  
Done it all on my own  
How did I?

Mama told me, "Don't you never ever give yourself away"  
But that's just how shit flows  
How shit flows, mm

(Ahh) I always crash fall down to the truth  
(Ahh) More of the same old plays ain't shit new  
Wild is the wind that carries me home  
While I lick my wounds

How did I get so close (So close)  
Prolly God only knows  
Saw the signs, still I go  
Done it all on my own  
How did I?

Mama told me, "Don't you never ever give yourself away"  
But that's just how shit flows (Yeah, yeah)  
How shit goes (Yeah, yeah, yeah, yeah), mm
