

rain

Fana Hues

I wish it'd rain
So I can walk between the drops to show you
What I'm gone be looking like when the good is gone
When it's said and done, ain't no-more fun

Cover my face
Don't care if I'm lyin' in your good graces
Press my love cold hard against the pavement
Say my name, say it again

Babe, babe, I can show you better, baby, show you better
Take me closer, I'll go far as you let me
I hope it rains (I hope it rains)
I
I hope it rains, oh
Baby, it rains
Baby, it rains, mm

My way
Love won't lose us here
Counting sheep in lunar years
Fountains ever-flowing blood-red tears
Baby, I'll comfort your fears
Say my name, say it again
Say

I can show you better, baby, show you better
Take me closer, I'll go far as you let me
I hope it rains
I
I hope it rains (ooh)
Baby, it rains
Baby, it rains, mm (ooh)
(Ooh, ooh, ooh, ooh, ooh)
I wish it rains
