

What Speaks

Fana Hues

What speaks to you what speaks
Tell me what's gon' bring you to your knees
What speaks to you what speaks
Give me what I need
Can I know

Oh I gotta know
I gotta know
Mm mm

Crash dummies by the waist side
I wanna know what's on your mind
I could do somethings you wouldn't believe
All I need to know is what tongue you speak
What speaks what speaks

What speaks to you what speaks
(Oh I gotta know I gotta know)
What speaks to you what speaks
(Oh I gotta know I gotta know)
What speaks to you what speaks
Tell me what's gon' bring you to your knees
What speaks to you what speaks
What speaks to you what speaks
Tell me what's gon' bring you to your knees
What speaks to you what speaks
Give me what I need
Oh I gotta know I gotta know
Oh I gotta know I gotta know
Tell me what speaks
Mm mm
Tell me what speaks
Bring me to your knees
