

## I Can Give You Love

Fancy

I am the Sun, I am the Moon  
I am the snow that falls in June  
I'll be your fire in the night  
I'll be your stars up above

I can give you love  
I can give you love  
I can give you love  
I can give you love  
I can give you love

Love - giving you all of my love  
Love - giving you all of my love
