

# I'm Your Bodyguard

Fancy

I'll be your bodyguard  
I'm gonna save your heart  
I'll be your bodyguard  
I'm sent you in the dark

Saw you in the Magazine  
Cutiest girl i've ever seen  
I'll put your picture on the wall  
In my mind I see it all

I'll just like to hang around  
I'll can save you in the town  
Baby, you're my fantasy  
You have a friend of me

I will be your bodyguard  
I'm gonna save your heart  
Let me be your bodyguard  
Protect you in the dark

Let me be your company  
No charge  
I'm your destiny  
I will be your bodyguard  
I'm gonna save your heart

Baby with a lonely heart  
I could be your bodyguard  
(I would be a nice one)

Have a feeling from the star  
If I was your bodyguard  
(never leave you alone some)

When you feeling all alone  
Call me on the telephone  
I can give security  
Let me share your company

I'll just like to hang around  
I can save you in the town  
I could need you anytime  
(I can keep an open mind)

I will be your bodyguard  
I'm gonna save your heart  
Let me be your bodyguard  
Protect you in the dark

Let me be your company  
No charge  
I'm your destiny  
I will be your bodyguard  
I'm gonna save your heart

Baby with a lonely heart  
I could be your bodyguard

(I would be a nice one)

Have a feeling from the star  
If I was your bodyguard

Baby let me in your heart  
Want to be your bodyguard  
(never leave you alone some)

Baby with a lonely heart  
If I was your bodyguard

Every night I go to bed  
blood goes wash my head  
Living on my fantasy  
You are everything to me  
Waiting for your phone to ring  
Baby, you're my everything  
You don't need a credit card  
Let me be your bodyguard

Baby with a lonely heart  
I could be your bodyguard  
(I would be a nice one)

Have a feeling from the star  
If I was your bodyguard

Baby let me in your heart  
Want to be your Bodyguard  
(never leave you alone some)

Baby with a lonely heart  
If I was your bodyguard
