Stay, stay till the sun starts to rise from the sea Kiss me goodbye till my soul's running free I won't forget you're my girl from japan

Say, that you will always be part of my life Please let the flower of passion survive When I am back in my hometown again. I'm in danger

Japenese girl, in your eyes there's a fire of man's disire I Love You Japenese girl and I know You're the Geisha of broken hearts (hearts) Japenese Girl (girl...girl...)

You You look so sad by the light of the moon I feel your tears falling like the monsoon Your love is trapped in the house of bamboo. (House of bamboo)

Why, Why did you fall for a stranger like me? Soon I'll have to leave you alone can't you see. You may be drowned in an ocean of blue (of blue..of blue) Its all over

Japenese girl, in your eyes there's a fire of man's disire I Love You Japenese girl and I know You're the Geisha of broken hearts (hearts) My Japanese Love (love)
