Just gotta bottle now I need a cup
Take a big gulp then I wind it up I go
All around the club start wildin out
No Henny and Coke no guinness stout
In the parking lot or the VIP
All the boy toys wanna kick it to me
Most definitely I'm royalty
A big finisher like Mister Cee
Step in the party and the place is rammed
DJ playing my favorite jams
Hold down the fort and hold your horses
I'm controversial like The Source is
Whip my Porsches through my hood
I'm up to somethin and it's no good
I got stuff but you can't get it
Me and my girls gonna show you how to hit it
