

Pop That Thing

Fannypack

Pop that thing do it well
We gon play some show and tell
Come on here and ring my bell
Make me wanna scream and yell

If you wanna pop that thing
Boy you gotta give a ring
You gotta give me everything
Babe I get on on top of things

Kiss me here kiss me there
Don't we make a perfect pair
Do it slowly like you care
Then get on your grizzly bear

Spread the jam up on my toast
I like blackberry most
Make you holla then I'm ghost
Back up you too damn close
