

# Bump What Ya Friends Say

Fantasia Barrino

This love is so much better  
Than anything I've ever ever had

There's not a better situation  
That i'd rather be in  
Sometimes we go through some shit  
But you still my closest friend  
And although we may fight boy  
And wanna go insane  
The love that i have for you  
Still remains the same

If I'd a listen to my best friends  
Who said that you wasn't my type  
Then I would probably be just like them  
Still searchin,  
Looking for mr. right  
If I would listen to my family  
Who said you not the right one for me  
Then I would probably be down and out  
No doubt--lonely.

So you gotta,  
You gotta follow your heart when it speaks  
So bump what your friends say, yea  
Cause they might lead you the wrong way  
You know when you're in love

I'm glad I stayed very patient  
Instead of chasing around  
I coulda ended up on a dead end  
But boy I'm on the right road now  
It's not a accident, it's evident  
That baby we were meant to be  
The last relationship that I ever been in  
My friends said it was good for me

If I'da listen to my best friends  
They say that you weren't my type  
I would probably be just like them  
Still searchin  
Looking for Mr. Right  
If Ida listen to my family  
Who said that you weren't the one for  
I'd probably be down and out and still lonely

You gotta follow your heart when it speaks  
So bump what your friends say yea  
Cause they might lead you the wrong way  
You know when you're in Love

Can't miss this opportunity  
To find someone so sweet

So I follow my gut baby  
You're the only one for me  
YOu are, you are, you are, you are, you are, you are  
You know when you're in love
