

Oh, honey, the truth is  
I don't really like you  
I know you don't like me  
It's long gone  
We run out of phrases  
We run out of pages  
I know that it's shorter than we thought  
We can keep pretending  
Play pretend is fun when  
We got on the costumes  
At the show  
But we've been throwing punches  
We've been throwing daggers  
In an auditorium, all alone

All the smoke and mirrors are long gone  
All the pretty flowers are dead in thorns  
Every little thing we do is toxic, oh  
You feed me the poison I've been feeding you  
All the smoke and mirrors are long gone  
All the pretty flowers are dead in thorns  
Every little thing we do is toxic, it's so toxic

So I'll go  
'Cause I don't like this anymore  
It doesn't take an Einstein, doesn't take an Elon  
To know that it's so wrong  
So I'll go  
'Cause I don't like this anymore  
It doesn't take an Einstein, doesn't take an Elon  
To know that it's so wrong  
It's so wrong

Oh, honey, the truth is  
I can't really stand you  
I know you can't stand me  
It's all right  
Can we just be honest?  
We break every promise  
Don't you know that two wrongs  
Don't make right?  
It's imagination  
We're hallucinating  
Making up a story  
That's not there  
Temper overload  
We're at each other's throats  
Like there is no tomorrow  
It's not fair

All the smoke and mirrors are long gone  
All the pretty flowers are dead in thorns  
Every little thing we do is toxic, oh  
You feed me the poison I've been feeding you  
All the smoke and mirrors are long gone  
All the pretty flowers are dead in thorns  
Every little thing we do is toxic, it's so toxic

So I'll go  
'Cause I don't like this anymore  
It doesn't take an Einstein, doesn't take an Elon  
To know that it's so wrong  
So I'll go  
'Cause I don't like this anymore  
It doesn't take an Einstein, doesn't take an Elon  
To know that it's so wrong  
It's so wrong
