

# Now Or Never

Faouzia

I've been so caught up lately  
Thoughts spinnin round my head  
I should just let go, maybe oh-oh  
Be right here instead

Beauty in the everyday  
I got nothing left to hide  
Gotta give it all away  
Wait until I catch my stride

I'm gonna live  
I'm gonna fly  
The moment's right  
Now-ow or never

Light up the sky  
Like fireflies  
The moment's right  
Now-ow or never

Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never

Try not to look back baby  
It's getting out of hand  
Pictures and faded memories oh-oh  
I need to forget it

Beauty in the everyday  
I got nothing left to hide  
Gotta give it all away  
Wait until I catch my stride

I'm gonna live  
I'm gonna fly  
The moment's right  
Now-ow or never

Light up the sky  
Like fireflies  
The moment's right  
Now-ow or never

Gonna light it up  
Gonna light it up

Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never

And I run away slowly  
Knowing that you can't catch me  
And I run away slowly  
Ain't nothing can get me

Could have loved you  
If you had let me  
Swallowed my light let you bite a bit o-of me

Could have showed you  
But no more waiting  
Now I can feel the moment lighting up my body

Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never

I'm gonna live  
I'm gonna fly  
The moment's right  
Now-ow or never

Light up the sky  
Like fireflies  
The moment's right  
Now-ow or never

Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Now-ow or never  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up  
Gonna light it up

Gonna light it up  
Now-ow or never
