

# White Flag

Far East Movement

Cherry cherry boom boom  
Yeah yeah up all night feeling like aking  
Living in a nightmare looking for a dream  
I wanna live so free free free  
Not doing just me me me  
Sometimes you you sometimes me me  
Trying to stay off that TMZ  
You you you are my queen  
Lay down that draw bridge for your king

I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah  
I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah

I'll wave my white flag  
And I'll wave, wave it  
I'll wave my white flag  
I'll wave it for you  
Ohh wooh  
I'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Ohh wooh

Even living in a castle we makeball  
Like living in a house with glass for walls  
So baby you and I will see that we can live together forever  
And I will lose it all  
Meet me on the battlefield camouflage  
And maybe you and I can be together forever

I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah  
I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah

I'll wave my white flag  
And I'll wave, wave it  
I'll wave my white flag  
I'll wave it for you  
Ohh wooh  
I'll wave my white flag  
And wave it, wave it  
I'll wave it for you  
Ohh wooh

We live in a world where we barely breathin  
You love is so cold you girl got me freezing  
Dam it can't wait till the change of seasons  
To make you heart melt like resses peices  
Always on the left trying to make it right

I don't wannabrief overstay tonight  
Hand me the check and I'll pay the price  
I will wave the white flag for you you

I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah  
I'll give it all  
Maybe to this nothing, nothing for me to give it all  
Ohh wooh yeah yeah

I'll wave my white flag  
And I'll wave, wave it  
I'll wave my white flag  
I'll wave it for you  
Ohh wooh  
I'll wave my white flag  
And wave it, wave it  
I'll wave it for you  
Ohh wooh
