

Give Me a Reason

Far

I'm no shape for a new day
I'm in no mood for a better place
Or a fix or your pretty face I'm not in the mood

I got a noisy head, a head in heat
A house on fire, a crowded street
So sure you're sweet, but I'm not in the mood
So c'mon

Give me a big, true, actual reason
To believe you
Give me a reason

I got a noisy head, a head in heat
A house on fire, a crowded street
So sure you're sweet, but I'm not in the mood

No, I'm no shape for a new day
I'm in no mood for a better place
Or a fix or your pretty face I'm not in the mood
I'm just not in the mood

Give me a big, true, actual reason
To believe you

'Cause I got no time for a big, big wait
I got no reason to stay
So give me a sign, I'm finding my way
I'm trying, are you trying too?

Give me a big, true, actual reason
To believe you
Give me a reason
