

# Drop Dead

## Farewell

When you left here you lost it all  
You had no satisfaction  
Drifting along you couldn't let it go

Masochistic sadistic minds  
Lead to self destruction  
Someone's gonna take you down

She said  
If you give up on me I'm willing to end it all  
Will you shut up  
This is my time out here  
So just do what you're told  
Leave me alone  
Leave me alone

Drop dead  
I don't wanna see you  
Get lost  
My motivation's gone  
I'm not feeling sympathetic  
You're pathetic  
Let's go

You packed your bags with sights set west  
A nonstop flight to seattle  
Keep moving along  
You're almost back at home

You lost your flight trying to look your best (?)  
Shoulders are growing colder  
Crossed out with cheap booze  
I'll stick around

She said  
Well our salvation clings to what you're willing to hold  
When will you grow up  
Start acting your age  
And begin taking control  
Leave me alone  
Leave me alone

Drop dead  
I don't wanna see you  
Get lost  
My motivation's gone  
I'm not feeling sympathetic  
You're pathetic  
Let's go

Drop dead  
I don't wanna see you  
Get lost  
My motivation's gone  
I'm not feeling sympathetic  
You're pathetic

Right  
Staying up all night  
And when you're through don't forget to fix your face  
Hype  
Keep running from your lies  
And all I have are cheap memories to date

Drop dead  
I don't wanna see you  
Get fucked  
Your motivation's gone  
I'm not feeling sympathetic  
You're pathetic  
Let's go

Drop dead  
I don't wanna see you  
Get lost  
My motivation's gone  
I'm not feeling sympathetic  
You're pathetic  
So synthetic  
You owe me credit  
Alright

I really wanna know  
Why the irritation grows  
Now I'm ready to explode  
God I think you're so pathetic
