## **Farm Sweet Farm**

**Farmer Boys** 

Hear what I hear Deep inside your morning fear See what I see A thorny weed becomes a tree

Light is fading out Tears of blood are running down Dread and darkness are covering your soul

Dire passions growing free Suffering your destiny Crimes of violence are leading you to me

Sperm keeps flying Towards the rising scum A calf starts crying

A farmer rapes its mum

Feel what I feel The silent hate is lying in wait Pain life in pain Perfect scorn like a stain

Light is fading out Tears of blood are running down Dread and darkness are covering your soul

Dire passions growing free Suffering your destiny Crimes of violence are leading you to me

Sperm keeps flying Towards the rising scum A calf starts crying

A farmer rapes its mum
