

# Candyland

Faron Young

Well you wouldn't believe the things that I've seen  
In a dream on Christmas Eve night  
A small country child that didn't have much  
Could dream up a big Christmas sight

We couldn't afford nothing but love  
So I imagined the rest in my mind  
Have you ever been poor and dreamed that you're  
In Candyland at Christmas time

I saw peppermint trees with lollipop leaves  
And jellybeans covered the ground  
Big chocolate drops stood for the mountain tops  
And gingerbread men danced around

I went walking about the marshmallow house  
And the streets all had candy bar signs  
Have you ever been poor and dreamed that you're  
In Candyland at Christmas time

Have you ever been poor and dreamed that you're  
In Candyland at Christmas time
