

It Hurts So Good

Faron Young

Last night I saw you holdin' your new lover
And I should say goodbye I wish I could
But when you're in my arms you make it better
'Coz when I'm lovin' you to me it hurts so good

Our friends all laugh and say I'm a fool now
I'd leave today if I thought I could
Somehow I'll bear the pain you've caused inside me
'Coz when I'm lovin' you to me it hurts so good

It hurts so good to let you 'coz me misery

.

I'd let you stay forever if you would
I'm hopin' that this heartache last forever
'Coz when I'm lovin' you to me it hurts so good

It hurts so good to let you 'coz me misery...
'Coz when I'm lovin' you to me it hurts so good
