

# Out Of My Heart

Faron Young

(Out of my heart out of my heart)  
You tell me you're leaving well why don't you go  
Could it be that your heart keeps telling you no  
The door is wide open but be sure when you start  
When you walk out that door you walk out of my heart  
Why are you waiting you said we were through  
Could it be that you need me the way I need you  
Walk slowly my darling think it over be smart  
When you walk out that door you walk out of my heart  
Why are you waiting...
