

That's the Way It's Gotta Be

Faron Young

Are there any memories you're keeping in your heart
Could there be an old old flame that might keep us apart
Well there can be no other love that is if you want me
And that's the way it's gotta be

Arms that love one woman that's how it is with me
You tell me that you're so in love but is it all with me

I remember when you said that you were mine alone
Still I can't convince my heart that you're my very own
And if I find you've been untrue you've seen the last of me
And that's the way it's gotta be
And that's the way it's gotta be
