

# We're Talking It Over

Faron Young

Now that we've talked it over  
I know it's still goodbye

As I look across the table  
At my old used to be  
I think of things we did together  
And how much she means to me  
I wonder why I did the things  
That caused her love to die  
Now that we've talked it over  
I know it's still goodbye

Yes I know it's still goodbye  
And I'm all mixed up inside  
For it seems that she still loves me  
But her heart's not on my side  
I've said all that I can say  
I've done my best to try  
Now that we've talked it over  
I know it's still goodbye

Yes I know it's still goodbye  
And I'm all mixed up inside  
For it seems that she still loves me  
But her heart's not on my side  
I've said all that I can say  
I've done my best to try  
Now that we've talked it over  
I know it's still goodbye
