

When It Rains It Pours

Faron Young

Well, I had a lot of women, I had-a you too
I lost all my women and now you say we're through
When it rains baby, when it rains it pours
When somebody closes one door, somebody closes all the doors

Yeah, I had a lot of money, I had a job too
Lost all my money, now my boss says that I'm through
When it rains baby, when it rains it pours
When somebody closes one door, somebody closes all the doors

When you're in deep, you can go deeper
When you're high, man you can fly
When something's great, you'd be the greatest
And when you die, you really die

I wore my brand new derby, it started to rain
Next thing that I knew, I'm in a hurricane
When it rains baby, when it rains it pours
When somebody closes one door, somebody closes all the doors

Well, I just got back my money, I got my job too
I won the Irish sweepstake and the gal that said we're through
When it rains baby, when it rains it pours
When somebody opens one door, somebody opens all the doors
Yeah when somebody opens one door, somebody opens all the doors
