

# Dumb Dumb Ditty

Farrah

He's standing on the stage  
A robot in the lights  
The crowd is on a string  
And now he pulls it tight

He's got one killer riff  
He plays it all night long  
He wants to be a poet  
But this is pretty dumb

Dumb ditty ditty  
Dumb dumb ditty ditty

He sings this dumb dumb ditty ditty dumb  
He sings this dumb dumb ditty ditty dumb  
So sing along dumb ditty ditty dumb  
Dumb ditty ditty dumb  
Dumb ditty ditty

He's hangin' out backstage  
With  
Who says, "I love the record  
Ya gonna be a star."

"We're gonna push the single  
until it tops the charts  
in every city."

He sings this dumb dumb ditty ditty dumb  
He sings this dumb dumb ditty ditty dumb  
So sing along dumb ditty ditty dumb  
Dumb ditty ditty dumb  
Dumb ditty ditty
