Talk to me, lets rack...

Just take my hand maybe
Hold on so tight
Just take my hand girl
I got you tonight
Besame lento que prisa no hay
Take my hand
You're leaving mine...

No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go

Ole! whasupp, there's a moment
When I gotta wear a unisex, spicy, sweaty, hot
Hot girl in miami or someone mami, mami blew my mind
I'm talking kurt cobain no one in there?
Everywhere we go we play, 2 of them are damn annoying
Game playing, saying my indecision sounds more like a remix
Sha-me sha-me
I don't talk about it, happy be about it
Baby you know, this is speaking all'bout in the bahamas, baby you know
Mami your in salsa, don't be a mole
When I put it out she start to drop the movesss
Yo la vuelvo loca cuando le paso la tarjetica master gorda

La que nos rebota
Dale voz!

Just take my hand maybe
Hold on so tight
Just take my hand girl
I got you tonight
Besame lento que prisa no hay
Take my hand
You're leaving mine...

No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go

Baby close your eyes

Come with me
Confia en mi
Vamonos de aqui
Baby you look so fire
Ven conmigo no te vayas
Ya cruzamos la raya
Mueveme los labios
Acercate y besame
Quedate en la cama
Bailame y desnudate
Hazme lo que tu quieras
En tus brazos aprietame
Nena, no te vayas y conmigo quedate

No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go
No, no, no
I'll never let you go

Lala - lalala - lalala - lala
No me sueltes que de aqui no te vas
Lala - lalala - lalala - lala
Esta noche conmigo te vas
