Fase Yoda

Let's come out in the nightttime, huh
I just wanna make it home
But fuck it, I'ma call at the right time, huh
I don't wanna live no more
Shawty, can you love me? Can you touch me? Oh, alright
Shawty, can you love me? Can you give me your soul?

Givin' you my life over my time, oh yeah
Livin' a hard life, see the skylight, oh yeah
Don't take me for granted, I won't be here for long
My heart taking lessons, I can't do you no wrong

Hope you get the message
Thinkin' 'bout your body and my body, only drugs, livin' lavish
Preaching like a reverend
Call Illuminati on somebody, I'm alive, Michael Jackson
She competitive, doin' it for the caption
Just a model, she fuckin' 'em for the fashion
Gucci, Louis, and Prada or satisfaction, huh
Takin' action

Givin' you my life over my time, oh yeah
Livin' a hard life, see the skylight, oh yeah
Don't take me for granted, I won't be here for long
My heart taking lessons, I can't do you no wrong
