

Broken

Fase Yoda

Fuck, let's get it
Oh-woah
Oh-woah
Mmm

And now you see
The darkness in my eyes
The shadows in my bed
The voices in my head, oh
And now you see
The shadows in my bed
The voices in my head
The shadows in my bed
Yeah

Fuck the regrets, I might OD tonight
Cross on my ex, I can't put up a fight
Why do I think about you every time?
To live on my life, to live on my life
Heaven died, I wanna cry, I don't think you mean it
I realized I'm alive, I don't think I need it
Tell me lies, I don't mind, fuck it, I'ma keep it
Live in my wonder mind, take it or you leave it

And now you see
The darkness in my eyes
The shadows in my bed
The voices in my head, oh
And now you see
The shadows in my bed
The voices in my head
The shadows in my bed
Yeah

In my head, oh
In my head
In my head
In my head
