

Oh yeah

I'm disgusted, huh
You and me just got a malfunction, huh
If you want, come meet me at the junction, huh
Drugged out, let 'em go
Takin' all these drugs, I lose my mind, they be like, "There he go"

(No)
If I died, I'll never know (No)
Who the fuck gon' love me when I'm gone? (No)
See that other way
I got many visions, I'ma see that all another day
Can you hear me callin'?
Can you see me fallin'?
That's the sound of love
That's the sound of love
Can you feel me stalkin'?
Can you hear me talkin'? (Yo)
That's the sound of love (You know)
That's the sound of love

I'm the bad guy
Gambling your love, full of drugs, shawty, can I get a last try
?
Pop another Xan' just to fill me up (Let's go)

(No)
If I died, I'll never know (No)
Who the fuck gon' love me when I'm gone? (No)
See that other way
I got many visions, I'ma see that all another day
Can you hear me callin'?
Can you see me fallin'?
That's the sound of love
