Down That Road

Fashawn

ft. Sam Hook

This is a journey into music and sound,
You are my future, I wanna be where you are,
Don’t know what you doing … cause you're so damn far
So I'm flying down that road, flying down that road,
Way down that road, flying down that road
Trying to catch up to you, flying down that road
Way down that road, flying down that road
Check it out, way down that road

You got me turning on my blunt just to find you
Doing 100 and something on the highway
Not even word about the … no telling about the limits that I go
Still you … if I love you like I say I do
Doesn't even think a real brother capable
Of being faithful to somebody lady like
First date ask you to stay the night
Ok, maybe I was moving too fast,
Or maybe I ain't …with last, foot on the gas
Shawty got the talents row, loosing … I drove, I just need you to know
I just want you to know

You are my future, I wanna be where you are,
Don’t know what you doing … cause you're so damn far
So I'm flying down that road, flying down that road,
Way down that road, flying down that road
Trying to catch up to you, flying down that road
Way down that road, flying down that road
Check it out, way down that road
Trying to catch up to you, just trying to catch up to you

Just trying to catch up to you, ain't felt a touch in a month or 2
Stuck like glue, don't know what to do
You still living life like I got nothing to loose
I never should have left you alone it's true
Now, can't wait to get back home to you
Admit, I wasn't doing what I was supposed to
I was so confused time to show improve

Just couldn't picture my life with a wife up in it
But tonight is different wanting a type of woman
I can't live alone I need her around
Why she had to go and flee out of town, answer that

You are my future, I wanna be where you are,
Don’t know what you doing … cause you're so damn far
So I'm flying down that road, flying down that road,
Way down that road, flying down that road
Trying to catch up to you, flying down that road
Way down that road, flying down that road
Check it out, way down that road
Trying to catch up to you, just trying to catch up to you

I remember when back then I was a … fan
She could have turned any g into a gentleman
And …is all we care about

Now I'm trying to figure out her whereabouts
Long road but I'm willing to drive
Just to let her know how I'm feeling inside
Guess this love is ahead of this time
More precious than everything I ever …
In the beginning I wasn't prepared to fall
Wasn't willing to bare my heart now I'm aware
I just wanna be where you are
…or fall I don't care

You are my future, I wanna be where you are,
Don’t know what you doing … cause you're so damn far
So I'm flying down that road, flying down that road,
Way down that road, flying down that road
Trying to catch up to you, flying down that road
Way down that road, flying down that road
Check it out, way down that road
Trying to catch up to you, just trying to catch up to you
Bring her home man
just trying to catch up to you
you trying to catch, … way down that road.
