

Born Again

FAST BOY

I've been born
I've been born again
I've been born

I blame myself for every bruise
I beat my own heart black and blue
I put my faith in someone new
I lived my first life lost in shame
Fell to my knees and prayed for change
I, I know I'll never be the same

Born again
I feel like I've been born again
No one
Could tame that fire in my soul
Back to life oh heaven knows
That I've been born again
I've been born

I've been born again
I feel like I've been born again
No one
Could tame that fire in my soul
Back to life oh heaven knows
That I've been born again
I've been born

I learned to save myself
When I turned all my teardrops into wine
Ah an
There's nothing I won't sacrifice
I'll live this next life wild & free
I follow my own prophecy
There ain't nobody stopping me

Born again
I feel like I've been born again
No one
Could tame that fire in my soul
Back to life oh heaven knows
That I've been born again
I've been born

I've been born again
I feel like I've been born again
No one
Could tame that fire in my soul
Back to life oh heaven knows
That I've been born again
I've been born

No they're never gonna get
No they're never gonna get me now
No they're never gonna break
No they're never gonna break me down
No they're never gonna get
No they're never gonna get me now

Cause I've been born again

Born again

I feel like I've been born again

No one

Could tame that fire in my soul

Back to life oh heaven knows

That I've been born again

I've been born

I've been born again

I feel like I've been born again

No one

Could tame that fire in my soul

Back to life oh heaven knows

That I've been born again

I've been born
