

# Deepend

FAST BOY

If you fall in the deep end  
If you fall in the deep end, you should know  
Don't run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end, you should know  
Everything's gonna be good, don't lose hope  
Don't run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end  
If you fall in the deep end

End-end-end-end-end-end-end  
End-end-end-end-end-end-end  
End-end-end-end-end-end-end  
End-end-end-end-end-end-end  
End-end-end-end-end-end-end

If you fall in the deep end  
Deep-end-end-end-end-end  
You-end-, in the deep end  
End-end-end-end-  
You fall in the deep end-end-end  
You-end-, in the deep end  
If you fall in the deep end

Yes, when I fall with nothing else, baby  
Strangers, ain't for sale no sleepers  
Bad, bad world, and sometimes it burns  
But tonight

Baby, don't run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end, you should know  
Everything's gonna be good, don't lose hope  
(Don't lose hope, don't lose hope-)  
(Don't lose hope, don't lose hope-)

Don't run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end, you should know  
Everything's gonna be good, don't lose hope

Don't run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end, you should know  
If you fall in the deep end

If you fall in the deep end

End-end-end-end-end-end-end  
End-end-end-end-end-end-end  
End-end-end-end-end-end-end  
If you fall in the deep end  
End-end-end-end-end-

You-end-, in the deep end  
End-end-end-end

You fall in the deep end-end-end  
You-end-, in the deep end  
End-end-end-end  
You fall in the deep

Yes, when I fall with nothing else, baby  
Strangers, ain't for sale no sleepers  
Bad, bad world, and sometimes it burns  
But tonight

Baby, don't, run away, run away, run from all the sadness  
Every year, every day, hustle in the madness  
If you fall in the deep end, you should know  
If you fall in the deep end-end  
If you fall in the-, if you fall in the deep end
