Troubles

FAST BOY

Oh, I could take care of all your troubles
Your troubles
If you don't mind, I will try to make it through
To fight all your enemies
Wait till you fall asleep
I'll give you all of my love
Oh, I could take care of all your troubles
Your troubles

Yeah, you'll drown in an ocean so deep
You can put all your demons on me
And I'll hold you until you can see
Oh baby, don't worry about a thing

Oh, I could take care of all your troubles
Your troubles
If you don't mind, I will try to make it through
It through
Fight all your enemies
Wait till you fall asleep
I'll give you all of my love
Oh, I could take care of all your troubles
Your troubles, oh

Oh you, you don't have to feel so lonely, so lonely
And if you do, I can take you out of here, of here
So come fly away with me
Change in your atmosphere
I'll give you all of my love, oh you
You don't have to feel so lonely, so lonely

Yeah, you'll drown in an ocean so deep
You can put all your demons on me
And I'll hold you until you can see
Oh baby, don't worry about a thing

Oh, I could take care of all your troubles
Your troubles
If you don't mind, I will try to make it through
It through
Fight all your enemies
Wait till you fall asleep
I'll give you all of my love
Oh, I could take care of all your troubles
Your troubles, oh
