

Oh-oh-oh (You take my self, you take my self-control)  
Oh-oh-oh (You take my self, you take my self)

She got red lips under blue skies  
Her kiss, different high when  
She tells me beautiful lies (Oh-oh-oh)  
Keep fallin' every time  
I'm drownin', riskin' my life  
Her love could never be mine

But she comes and goes  
Here she comes and goes again (But nobody knows her name)  
But she comes and goes  
Here she comes and goes again (Again)

(Don't you know?) I lost my heart across the seven seas  
(Don't you know?) I tried to ride it, but I'm oceans-deep  
(Don't you know?) No way to tame her, yeah, she's wild and free  
But she's breakin' me, she's like a wave

(Oh-oh-oh) You take my self, you take my self-control (Oh-oh-oh)  
(Oh-oh-oh) You take my self, you take my self-control (Oh-oh-oh)  
(Oh-oh-oh) No way to tame her, yeah, she's wild and free  
But she's breakin' me, she's like a wave

Yeah, we dive deep into champagne  
One blink and everything changes  
Still runnin' 'round in my brain (Oh-oh-oh)  
Red lips under blue skies  
Her kisses takin' me higher  
Her love could never be mine (Mine, mine, mine)

But she comes and goes  
Here she comes and goes again (But nobody knows her name)  
But she comes and goes  
Here she comes and goes again (Again)

(Don't you know?) I lost my heart across the seven seas  
(Don't you know?) I tried to ride it, but I'm oceans-deep  
(Don't you know?) No way to tame her, yeah, she's wild and free  
But she's breakin' me, she's like a wave

You take my self, you take my self-control  
I never stop myself to wonder why  
You're makin' me forget to play my role  
You take my self, you take my self-control

(Oh-oh-oh) I lost my heart across the seven seas (Oh-oh-oh)  
(Oh-oh-oh) I tried to ride it, but I'm oceans-deep (Oh-oh-oh)  
(Oh-oh-oh) No way to tame her, yeah, she's wild and free  
But she's breakin' me, she's like a wave (Oh-oh-oh)
