

Never Say Never

Fastball

I guess I finally settled down at last
All that smoking and drinking that's all in the past
Never do the crazy things I used to do
But I'll never say never when it comes to you

Now I know I should probably stay away
What the hell am I doing here anyway?
Problem is I got no follow through
I'll never say never when it comes to you

I know I'm being foolish
But I don't really care
I know that you don't love me
You just want somebody there

But I just can't resist you when you're near
I can hear the devil whispering in my ear
Told myself so many times that I was through
But I'll never say never when it comes to you

I know I'm being foolish
But I don't really care
I know that you don't love me
You just want somebody there

I'll never do another line of cocaine
And I'm never going back to Laredo again
Never do the crazy things that I used to
But I'll never say never when it comes to you
