The Help Machine

Fastball

One, two, three, four, five
What's your name?
What's your name?
Now we all know each other
Now we all know each other
Now we all know each other

And I'm waiting on the line for the Help Machine

One, two, three, four, five
Quel est ton nom?
Quel est ton nom?
No one gets to live forever
No one gets to live forever
No one gets to live forever

And I'm waiting on the line for the Help Machine
And I'm waiting on the line for the Help Machine
And I'm waiting on the line
And I'm waiting on the line
And I'm waiting on the line for the Help Machine

I'll wear the halo when you start coming down
I'm still holding, I will keep holding on

One, two, three, four, five
Is this the way out?
Is this the way out?
I don't want to spend my life just chasing money
Spend my life just chasing money
Spend my life just chasing money

And I'm waiting on the line for the Help Machine
And I'm waiting on the line for the Help Machine
And I'm waiting on the line
And I'm waiting on the line
And I'm waiting on the line for the Help Machine

One, two, three, four, five
